NL women	Crazy Dogs	2	2	2	3	2	11	Super enjoyable game. I was sad to hear afterwards that we were too physical (amongst other things 😊). It would be helpful if that problem is brought more to our attention throughout the game so that we have a chance to fix things and adapt our behavior. Either by making the foul calls or talking to players one on one to ask for less physicality. We want everyone to enjoy the game, and we're sad that we missed a chance to help you enjoy the game more.  Thanks again for the game, best of luck for the rest of the tournament.

GB women	France women	2	2	2	3	2	11	Rules- please look into pick call rules as they can only be called when you are actively guarding within 3m of your player. Comms- could be helpful to point out a translator in order to avoid language barrier

NL women	GB women	2	2	2	2	2	10	The spirit circle seemed to bring new issues that were news to the team, which is unfortunate. The picks that we remember were on scoring people, so they seemed super relevant. But perhaps you meant to say that those completions were foregone conclusions since the D didn't have a bid? We felt those discs were very much to play for. Throughout the game we felt that the level of physicality was mutual, and players were happy with that. A few calls indicated a limit, but those few calls didn't communicate to us at least that there was an overall dissatisfaction with the physicality of the game. More like, yes in this instance I did stupidly push off of you, won't happen again. Perhaps a lengthier conversations would have communicated that more clearly to the players concerned? Or a chat with the spirit captains to indicate a more pervasive problem. We regret that we didn't understand the extent of the problem early enough to correct the issue during the game. Awesome play, best of luck for the rest of the tournament!

Crazy Dogs	NL women	2	1	2	1	2	8	There was a lot of contact on the mark and also on the runners during the cuts. We felt (also regarding the score) the team would have also been able to do great defence without that close contact. And regarding the positive attitude: you did a great job during the game - be proud of that & also we would appreciate it if you interact a bit with us.
